

Direct Payments

**Direct Payroll and Managed Accounts
Services - Provider List**

Direct Payroll and Managed Accounts Services Provider List

Derbyshire County Council has developed a list of providers of Managed Accounts and Payroll Services for people who receive, or are interested in receiving, an Adult Care Direct Payment. These providers are monitored by the Council to make sure that they are providing a good quality service.

Managed Accounts

A Managed Account is where a third party provider will manage the financial side of Direct Payment. Derbyshire County Council will pay the Direct Payment directly to a Managed Account provider and they will make payments on your behalf. A Managed Account service will pay invoices for agencies, pay your personal assistant wages and HMRC bills, for example.

With a Managed Account you are still responsible for arranging your care, being the employer (if you choose to employ personal assistants) and ensuring that the care you arrange is affordable within your personal budget. You will need to send any invoices or timesheets to the Managed Account provider who will process them and make payments as necessary. A Managed Account provider will submit monitoring information to Derbyshire County Council about how your Direct Payment has been spent.

Derbyshire County Council will only provide additional funding for a Managed Account where one is necessary to enable you to manage the Direct Payment. If you feel you need a Managed Account to support you with the Direct Payment, please speak to your Adult Care worker.

Please contact Managed Account providers directly for a quote of their charges as costs will vary depending upon your circumstances and how you use your Direct Payment.

Providers who offer managed accounts services: All (Page 4 to 6)

Payroll without Payment

A Payroll service without payment will carry out calculations for you and inform you how much tax and National Insurance you should deduct from Personal Assistants' (P.A's) pay and how much you should pay them. They will register you as an employer and act as your agent for HMRC. They will also calculate pension entitlement and advise you on this. With a Payroll without payment, you

would send timesheets to the provider. They will then calculate how much the P.A should be paid, and how much you should pay to HMRC and how much for any pension. They will send you this information, from which you would make the required payments. They will also provide payslips for your P.A.

You will be sent an invoice for their services which should be paid from the Direct Payment.

Payroll costs without payment can be met from the Personal Budget.

Providers who offer Payroll without payment services:

- Accountability - page 4
- DH Payroll - page 4
- Disability Resource Centre - page 5
- Ideal for All - page 5
- PayPacket - page 5
- Rosekel - page 6
- Penderels - page 6

Payroll with Payment

A Payroll service with payment will carry out the calculations for you about how much tax and National Insurance needs to be deducted from your P.A's pay. They then collect the whole amount required, including their fee from the Direct Payment account (usually by Direct Debit). A payroll provider with payment will pay your P.A, pay the pension if applicable and make any payments to HMRC.

With a payroll with payment you send the completed timesheets to the provider and they carry out the calculations and make the payments on your behalf.

Payroll with payment costs can be met from the Personal Budget.

Providers who offer Payroll with payment services:

- Accountability - page 4
- DH Payroll - page 4
- KDC - page 5
- PayPacket - page 5

Approved Providers

Below are a list of providers (alphabetically) that have been approved by Derbyshire County Council. Please contact providers directly for a quote of costs based on your individual circumstances as these will vary depending upon factors such as how many P.A's you employ.
