

For Personal Assistants

I always cared, now...

Caring is my job

Do you wish you could connect with other people in Coventry who do the same work as you?

If you work as a personal assistant (PA)/carer and are employed directly by someone with a disability who has a direct payment and live or work in Coventry, why not join the new Personal Assistants and Carers in Coventry Facebook group?

The aim of the group is to provide a friendly and open platform where PAs can share their experiences and ideas with others in a similar role.

Simply **log in to Facebook** and type '**Personal Assistants and Carers in Coventry**'. **Click on the '+ Join' button.** As this is a closed group, one of the administrators will need to accept you into the group before you can post or comment within the group.

This group has been set up by Penderels Trust who provides direct payment support services in Coventry. If you have any queries about this group, you can email us at coventry@penderelstrust.org.uk.
